

Meet the speaker

Dr. Alina Ruzanova

Dr. Alina Ruzanova got a DDS in University of Tartu (Estonia) in 2012. In 2015, she graduated from postdoctoral studies and received diploma of Specialist in Restorative Dentistry (specializing in Fixed and Implant Prosthodontics).

She works full time in dental practice in Tallinn (Estonia) concentrating her work on functional and aesthetic rehabilitation on teeth and implants.

Alina is a founder of continuous education company whose main goal is to share honest and useful information on daily high quality restorative dentistry.

Dr. Debashree Chandak

Dr. Debashree Chandak graduated in 2011 from VSPM Dental College Nagpur. She joined Kings College London in 2013 and passed with merit and, received the degree for masters in Clinical Dentistry in fixed and removable prosthodontics in 2017 she are the director of Dantspa.

Dantspa aims at breaking myths in dentistry and promote high quality luxurious dental treatment for its patients. It also aims to guide dental students for options after BDS and MDS as well as clinic and brand designing for dentists.

Debashree has special love for composite and does lot of Full Mouth Rehabilitation using chair side techniques. She wants to dentists to practice more of composite as minimally invasive and affordable to an average Indian patient's option, even for Full Mouth Rehabilitation. She works as a consultant in Nagpur for rehab and aesthetic cases.
