## Overview

Greyscale plus is an intensive 3 day program on dental photography mentored by Dr. Mayur Davda from dental photographyschool. The course content has been intricately designed and is suited for beginner or intermediate level photographers.

The syllabus is a perfect blend between intensive hands on training for intraoral/extraoral photographs & creative photography using high end lighting techniques.

There is a bonus session for outdoor (ambient) photography and drone videography using the DJI Mavic Air.

In a nutshell the workshop has everything from DSLR training, camera settings, protocol training, intraoral accessory use to fun using studiolights & drones

*“The workshop has everything from DSLR training, camera settings, protocol training, using intraoral accessories efficiently to fun using studiolights & drones”*
